

Appendix to the race schedule and instructions, ACCOMMODATION

JIHLAVSKA 24MTB, 2023

<https://www.jihlavska24mtb.cz>

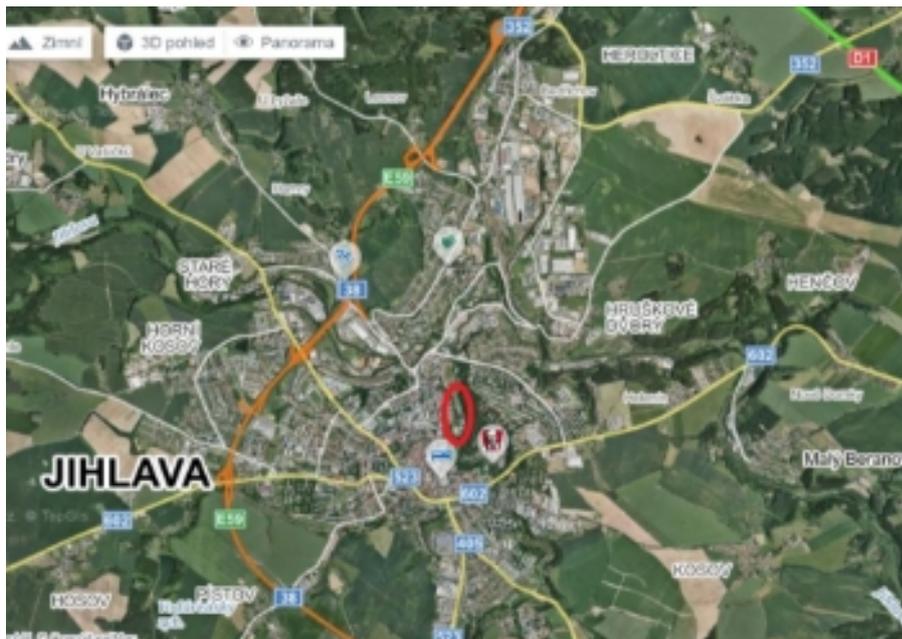

<https://www.facebook.com/jihlavska24mtb.cz>

The centre of the race together with the place of accommodation is at this address:

Amfiteátr Březinovy sady
Březinovy sady 4733/16
586 01 Jihlava
Česká Republika

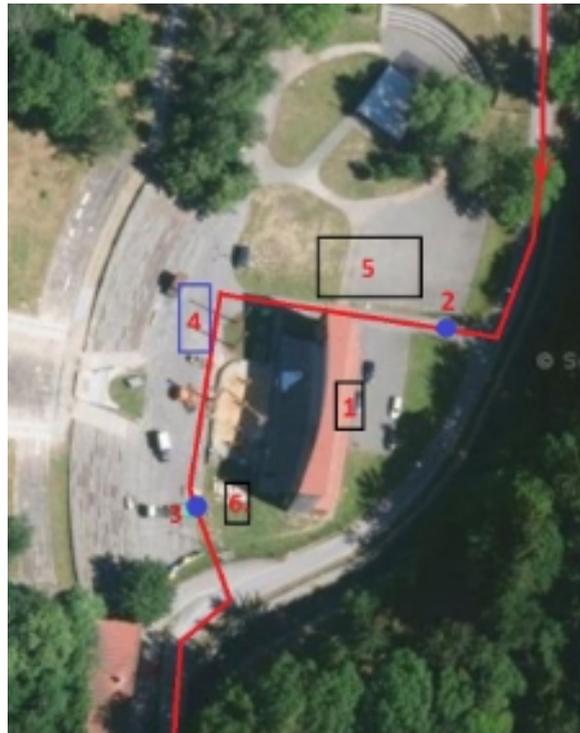

N 49°23.94625', E 15°35.59823'

The centre of the race together with the place of accommodation is situated on premises of town's open-air theatre with an adjacent large grass area. The area is located in the centre of Jihlava, in the wooded park Heulos and the Jihlavka valley.

In the area of the open-air theatre there is:

1. the office of the race (the place for registration)
2. the place of the end of a timed lap
3. the place of the start/beginning of a timed lap
4. the zone for changeovers of participants in a team (between the end and the start of a timed lap)
5. refreshments/catering
6. location of timekeeping/timing

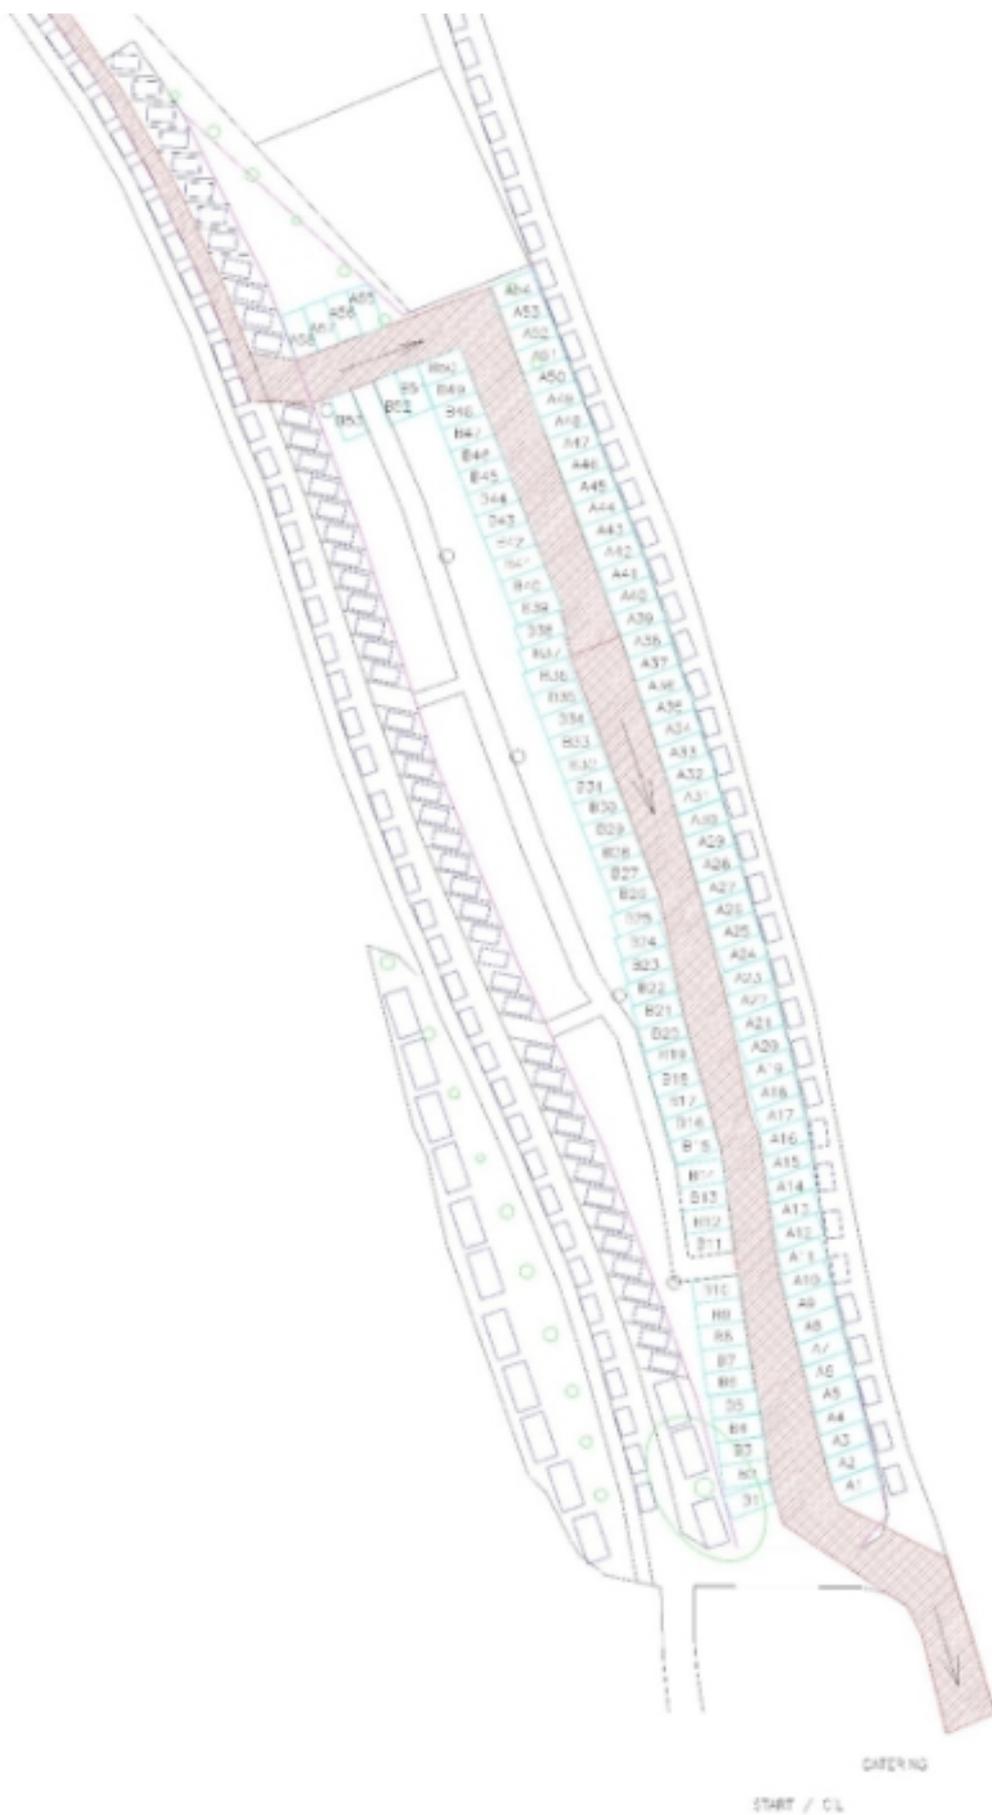

Information about the camp/pitstops:

The large grass area adjacent to the open-air theatre are designated for the camp. The camp is going to be divided into individual pitstops. The area of each pitstop is 3 by 6 meters (18 square meters). A part of the race route is going to lead through this large grass area with the pitstops (as seen red in the picture below). There will be approx. 5 places in the camp with the possibility of connecting electricity. The layout and numbering of the pitstops can also be seen in the picture below.

One pitstop and one parking place is available either for:

- an individual
- a 2-member team
- a 4-member team

Registered participants with paid entry fees will be able to reserve individual pitstops. Only pitstops directly adjacent to the track will be marked and bookable. So there will only be a limited number of pitstops. Booking will take place according to the time sequence of requests. The rest of the meadow will be left free for competitors who did not make a reservation. Updated information about availability of the pitstops will be posted on FB, or on the website. Reservation of pitstops can be made through e-mail only, jihlavska24mtb@centrum.cz

Information about parking

Cars are not permitted to drive on and/or park on the grass area. Parallel parking is permitted on the tarmac road. There are also designated parking spaces for angle parking. It is not possible to reserve a certain parking space ahead (you will be assigned a parking space by organizers upon your arrival).

There is a limited number of parking spaces on the premises (around the camp/pitstop area only) – there are only 150 car parking spaces. Therefore, after filling the capacity of parking spaces, you will be asked to park on the streets outside the premises. Nevertheless, all participants are allowed to drive onto the premises and unload/load their equipment.

There are also only a limited number of places for caravans. There are about 20 places. We offer registered competitors with a paid entry fee the possibility to reserve a place for a caravan. Booking will take place according to the time sequence of requests. Requests and communication via email jihlavska24mtb@centrum.cz

Practical arrival information

It is most convenient to turn from „Okružní“ street to „Úvoz“ street and from the roundabout (3rd exit) to „Na Stoupách“ street. „Na Stoupách“ street from the mentioned direction is the only access to the premises (pass the football stadium on your left, straight on to the camp). Marked by the red line in the picture below. Don't let the navigation lure you into any other driveway.
